

# Hand On My Heart

Dan Wilson

I heard a song coming down from a ceiling  
And got a feeling from a long, long time before  
I hear a voice sing, "Smile on your brother"  
My mother and her mother fight about the war

Oh my, I feel a hand on my heart  
Reaching over so many years to me  
Oh my, I hear a voice in my head  
Singing, "Peace is more than a dream"

I met a girl down the far away island  
Just before she had to leave to catch a plane  
Ten thousand miles from lakes that I played in  
But I was laughing like a little boy again

Oh my, I feel a hand on my heart  
Reaching over so many miles to me  
Oh my, I hear a voice in my head  
Singing, "Love is more than a dream"

And I'm falling but I'm not dreaming  
Yes, I'm falling but I'm not dreaming

I woke up under blankets and breathing  
Someone told me I was gonna be okay

Oh my, I feel a hand on my heart  
Reaching over so many years to me  
Oh my, I hear a voice in my head  
Singing, "Life is more than a dream"

Oh my, I feel a hand on my heart  
Reaching over so many years to me  
Oh my, I hear a voice in my head  
Singing, "Life is more than a dream"  
Singing, "Life is more", singing, "Life is more"  
Singing, "Life is more than a dream"
