

1993

Dananananaykroyd

Mangle yourself and each other
Lens at the ready and ink on the page
We can remove and we can take away
But keep it together for 1993

Posture proud, we want 1993
Take a time, back to 1993

Dress your rehearsal room scars
Suture your studio incision
We'll turn your hissy fits into sissy hits
Remember the good times in 1993
