

# Acceptance Speech

Dance Gavin Dance

Who drains the blood from my head I do, I do  
Who comes through with the meds I do, I do  
Blackened seeds you're gonna needs these, freeze  
The common ancestor  
The pressure of industry  
Who sleeps in the grease crease wax  
And trails of mutual deceit  
I heard that growth was gettin weak  
Who taps the line ,records my mind,  
Twisted agenda, align my spine  
Whose got the steeples, the people and scepters,  
the rocks on the beaches, the angles the vectors.  
Who drains the blood from my head I do, I do  
And who accepts me as I am I do, I do

Relationships are a tool that can fuel the facade over my disguise  
Fulfill my ego I do what I do with unrelenting compromise  
When it's all on the table you know I'll be able  
to duck, dodge and run and hide  
got a good education in disinformation, adept at constructing lies.

The crack on the staircase, I smoked out of boredom  
My kitchen is filled with meat and chloroform  
Squirming colors metastasize  
Upon viewing the world the fetus eats its own eyes

Acting the fiction and, signing the right away,  
Transistor electrocute, wiping the order away.  
Awkward offensive hold, perfectly natural  
They can't speak bout my brand, because I'm dead and white

I'm the one I'm the one with my hands around the gun  
I am not afraid  
I am not afraid

I'm the one I'm the one with my hands around the gun  
I am not afraid  
I am not afraid

I'm the one I'm the one with my hands around the gun  
I am not afraid  
I am not afraid

So what I'll die alone all right  
So what I'll die alone all right  
So what I'll die alone all right  
So what I'll die alone all right  
So what I'll die alone all right

So what I'll die alone all right
