

## Purple Reign

Dance Gavin Dance

Don't bother, I'm a danger to my health,  
Don't bother, I'm a danger to,  
Don't bother, I'm a danger,  
Don't bother, I'm a danger,  
To your health.

(So I'm baking a cake, got this badass oven filled with goodies  
and treats)  
(For all of my friends,)  
(Then Jonny comes and he poisons the food.)  
(Everyone is dead, now wasn't that rude.)

Mine now  
Because I am  
For now as I am.  
(And we crack all our backs to relax and recap,)  
(The one time I looked like the goddamn circus.)

Nobody will ever take the things  
In my fucked up brain  
No one could ever take the holes in my life  
Take my life because these words they'll never speak  
Take my life falling apart for you  
Take my lies, my eyes they'll never speak  
Take one, help me into you,  
Come away, go away.

Don't bother,  
I'm a danger to my health,  
Don't bother I'm a danger.  
(And we crack all our backs to relax and recap,)  
(The one time I looked like the goddamn circus.)

Come in  
(I got a sense that this is overdone,)  
(Badda lay shee letzay frun,)  
(Tie righ!)  
(I gotta sense that this overdone.)
