

Beat The Bullet

Danger Danger

There comes a time
A man's gotta draw the line
When push comes to shove
I'm always a step behind

Rattlesnake sister
You're a voodoo child
I've been sleepin' with the devil
And I don't know why
Here comes the time
This man's gonna draw the line

You put a target on my heart
Go ahead
Take your best shot
Whoa oh I'm gonna

Beat the bullet
You can't shoot me down
Beat the bullet
Ready aim fire
C'mon and blow me away!

Caught in a game
Where love never had a chance
You cut the cards
And I held the losin' hand

You put a target on my heart
Go ahead
Take your best shot
Whoa on I'm gonna

You put a target on my heart
But girl, you'll never get
That far
Whoa oh I'm gonna

Beat the bullet
Beat the bullet
Ready aim fire
Pull i! t
