

# Boys Will Be Boys

**Danger Danger**

Little Girl, Sweet 16, oooh you're every schoolboy's dream  
Runnin' hot, blowin' cold, Get ready for an overload  
Turn it On, Loosen up, too much is never enough  
Feel the heat, start to rise, Baby open you're door and let me  
inside

Whoa-oh, I'm like a loaded gun  
Whoa-oh, waitin' for the night to come  
Whoa-oh, oh I got my eye on you  
I gotta do what I gotta do

Boys Will Be Boys  
Every day and all night long  
Boys Will Be Boys  
Here today, by the mornin', I'll be gone  
Boys Will Be Boys

I play for keeps, I lay to win  
How 'bout a ticket to a night of sin  
Time is short, so start the show  
Honey, give me your lovin' and don't let go
