

Find Your Way Back Home

Danger Danger

I still remember how ya looked the day we met
Picture-perfect innocent, a smile you can't forget

My little flower
You were the sunshine when it rained
A rainbow in a clear blue sky
The sweetest song that ever played

I've cried a river of tears
And I'll learn to live without ya
But I wish you were here

If you take me by the hand
Open up your heart
I'll help you
Find your way back home
Have a little faith
Don't give up on love
I'll help you
Find your way back home

The days are growin' colder
And the nites are gettin' long
My heart's so empty
Like the calm before the storm

And I can't remember what it's like to be in love
I've lost the feelin' and the memory's not enough

Now when it rains it pours
I'm all alone but I'll always be yours

Let me prove to you
How much you mean to me
I'd climb the highest mountain
Swim the deepest sea
I'd do it all for you
Give me one more chance

Now when it rains it pours
I'm all alone but I'll always, always be yours

Find your way back home
