

# Naughty Naughty Christmas

Danger Danger

I've been a naughty boy  
I didn't get a toy  
Santa Clause left nothin' underneath my tree  
He knows that I've been bad  
But bein' good just ain't my fad  
So here's the thing to do if your just like me  
Everybody, pull the shades, lock the door, like you did before

And have a naughty naughty Christmas and dirty dirty new year  
Naughty Naughty Christmas, feelin' peace and all the good cheer  
If you haven't got someone you love, love someone your near  
And have a naughty naughty Christmas this year

It's too cold to go out today  
We'll take a ride in an open slay  
I'll do some kissin' underneath the misteltoe  
My babies always been the given kind but when she tells me she'  
s my present and she blows my mind  
I can't wait but I'm gonna' unwrap her slow  
Oh yeah we're gonna have a ball  
And we'd like to wish you all...

A naught naughty Christmas and a dirty dirty new year  
Naughty Naughty Christmas, feelin' peace and all the good cheer  
If you haven't got someone you love, love someone your near  
And have a naughty naughty Christmas this year

A naught naughty Christmas and a dirty dirty new year  
Naughty Naughty Christmas, feelin' peace and all the good cheer  
If you haven't got someone you love, love someone your near  
And have a naughty naughty Christmas

Have a naughty naughty Christmas  
This year (2x)
