

## Yeah, You Want It!

**Danger Danger**

I see ya lookin' at me  
From across the room  
With your backstage pass  
From a roadie you blow

Girl you act so cool  
You like to play it shy  
But you can't fool me  
You got the wild sex vibe

Yeah, you want it!  
Yeah, you want it!  
Yeah, you want it!  
Yeah, you want it!  
We want it too!

DD time

You go to all the shows  
When they cum to town  
All the girls know your face  
They say you been around

You went from L.A. Guns  
To Enuff Z'nuff  
And then you partied with Poison  
On the bak of their bus

DD time

Your mother thinks we're rude  
And Tipper says we're trash  
But as far as I'm concerned  
You can kiss my ass

So come on baby  
You ain't no yuppie  
Do the right thing  
And bust those puppies
