

So Far Gone

Danger Radio

Late night contemplating on the words to say
Set the record straight i can't
Pretend that I'm alright
I give in to the night

She's got me on the edge and slipping
Try to look away
But she's stares it down inside me
And I lose my way, can't fight
I give in to the night

So if it's love that she wants
Love that she's after
Don't come looking for me
Cause I'm so far gone
So if it's love that she wants
Love that she's after
Don't come looking for me
Cause I'm so far gone

Been exhausted
I'm so warn out by the games she plays
Sneaking off leave me hangin
I won't take that bait
Cant offer you forgiveness
Or justify your foolish ways

So if it's love that she wants
Love that she's after
Don't come looking for me
Cause I'm so far gone
So if it's love that she wants
Love that she's after
Don't come looking for me
Cause I'm so far gone

(So far gone)
(So far gone)
(So far gone)

So drained and falling apart
Predicted it from the start
Tried hard to break it
But I strayed too far away
Your words, they dont mean a thing
I stayed despite of the pain
I'll keep my distance
And you'll keep all the blame

So if it's love that she wants
Love that she's after
Don't come lookin' for me
Cause I'm so far gone
If it's love that she wants
Love that she's after
Don't come lookin' for me
Cause I'm so far gone

(Love that she wants)
Woah
(Love she's after)
Don't come lookin' for me
Cause I'm so far gone
(Love that she wants)
Woah
(Love she's after)
Don't come come lookin' for me
Cause I'm so far gone
So far gone
So far
