

Sugar Leather & The Nail

Dangerous Toys

Some people say I'm a dirty heart breaker
Some people say I'm a cheap date maker
I must admit some call me a love shaker
I lick a smile from ear to ear, but the fun is what you fear

So let me tighten the straps and turn the wheel
So I can make this more than clear with some
Sugar, leather and the nail
It's a sugar, leather and the nail

I'll kiss your wrists with pieces of leather I nail them with
a velvet hammer
You softly speak, you start to enjoy this get together
I make you sticky with a splash of my honey
The honey that I got don't take money

So let me tighten the straps and turn the wheel
So I can make this more than clear with some
Sugar, leather and the nail, nail, nail, nail
It's a sugar, leather and the nail

Heat rising like the haze of the sun, we get closer saying tha
t I'm the one
The sugar on you like a snake has scales
You ask for my phone number screamin' baby sugar, leather and
the nail
I lick a smile from ear to ear, but the fun is what you fear

So let me tighten the straps and turn the wheel
So I can make this more than clear with some
Sugar, leather and the nail, nail, nail, nail, nail
