

Closer To You

Daniel Ash

Ohh, ohh, I just don't know why
That I can live without your smile
And maybe that's the reason
Why I'm feeling so blue
And maybe that's the reason
I can't get closer to you
'Cause when you walk both sides of town
You can always find around
Someone to lean on
To ease your troubled mind
And maybe that's the reason
Why I'm feeling so blue
And maybe that's the reason
I can't get closer to you
