

## Not So Fast

Daniel Ash

Hey baby, don't you walk so fast  
Hey baby, don't you walk so fast  
The dream of another world  
Haunted my head and sent me in a whirl  
But honey, don't you walk so fast  
And though you think the sky's gone gray  
And love has just flown away  
Hey baby, don't you walk so fast  
'Cause you were right all the time  
We love you baby, now your feeling fine  
Say honey, don't you walk so fast  
Not so fast, not so fast
