Trouble

Daniel Ash

Some girls got worries
so disconnect me
mind and soul tormented
there so disconnected
but my kind of trouble is you
but my kind of trouble is you

Some boys got trouble
it's money they need
other's got nothing to live for
but I'm so free
How well they know heartache
They're so disillusioned

but my kind of trouble is you
but my kind of trouble is you

My black angle deaths come
it's singing for me
