

# The Way Dreams Are

Daniel Bedingfield

I could almost feel your breath  
I was that close to you  
I could have picked your pocket if I'd wanted to  
It was all too good to be true, all too good to be true  
I got that far, 'cause that's the way dreams are

I could hear a guitar playing some old romantic tune  
You said why don't you stay and I said yes too soon  
I was almost over the moon, almost over the moon  
I got that far 'cause that's the way dreams are

Don't wanna wake up and find there's nobody, nobody waking with  
me  
I wanna spend my time with somebody, somebody like, easy and free  
I was almost there in your arms, almost there in your arms  
I got that far 'cause that's the way dreams are

We made plans and we made love  
We said what lovers say  
Swore we'd do it all again another day  
I could feel you slipping away, feel you slipping away  
I got that far 'cause that's the way  
dreams are
