

Complexities

Daniel Caesar

Now that I know
What I know
There's nothing new
Under the moon
Spent many nights
On you
Oh, I
Oh, I

I don't give a damn, 'cause it don't make a difference
I can't get mad 'cause I know what went missing
Cupid chasing me, puts holes in ambition
Can't go back home 'til I finish the mission

Now that I know (Now I)
What I know (What I)
There's nothing new (Nothing)
Under the moon (Under)
Spent many nights (Many)
On you (On)
Oh, I (Oh, oh)
Oh, I (Oh, oh, I)
