

# Bloody Rainbow

Daniel Johnston

Swirling hypnotic  
disrupts the girl in the skull headed spider  
the milk was low-cal but what did it matter  
All of her hopes had been shattered  
Thrilled to the minute, bloody rainbow  
Oh, oh.  
Ohhhhhhh bloody rainbow.

Away in her chambers  
She remembered the love affair  
She gave me hot romance, but she couldn't care  
Looking through her record collection - no one was  
there  
Thrilled to the minute  
Oh, oh.  
Ohhhhhhh, bloody rainbow.

She's always thinking  
things would turn out right  
Like walking the dog or flying a kite  
Systematic routine flight  
All alone and lonely at night  
She fell asleep with the TV on  
Thrilled to the minute bloody rainbow  
Oh, oh.  
Ohhhhhhh bloody rainbow.

What a tribulation  
There's probably salvation for the dead  
It's the good things that they said  
We all must have come from the past  
Thrilled to the minute bloody rainbow  
Oh, oh.  
Ohhhhhhh bloody rainbow.

Oh, oh.  
Ohhhhhhh bloody rainbow.
