## I Will

## **Daniel Johnston**

Who knows how long I've loved you you know I love you still will I wait a lonely lifetime if you want me to I will

For if I ever saw you
I didn't catch you name
but it never really matters
I will always feel the same

Love you forever and forever love you with all my heart love you whenever we're together love you when we're apart

And when at last I'll find you your song will fill the air sing it loud so I can hear you make it easy to be near you for the things you're doing dear to me and you know I will I will (if you want me to)
