

## Life In Vain

Daniel Johnston

Don't wanna be free of hope  
and I'm at the end of my rope  
its so tough just to be alive  
when I feel like the living dead

I'm givin' it up so plain  
I'm living my life in vain  
and where am I going to??  
I gotta really try,  
try so hard to get by  
and where am I going to??

I don't know where is up or down  
and there ain't any love left around  
everybody wearin' a frown  
waiting for santa to come to town

you're giving it up so plain  
you're living your lives in vain  
and where are you going to??  
you gotta really try,  
try so hard to get by  
and where are you going to??

flip on your TV  
and try to make sense out of that  
if we were all in the movies  
maybe we wouldn't be so bored

we're giving it up so plain  
we're living our lives in vain  
and where are we going to??  
we gotta really try  
try so hard to get by  
and where are we going to??  
goodbye  
goodbye
