

# You Hurt Me

Daniel Johnston

You hurt me  
And it's breaking my heart  
Deserted me  
All the love you just start  
You hurt me  
And you know I can feel  
The pain inside  
As if I had died

What a stinkin' world it was  
I wished the best for you  
Only because  
I love you  
No matter what you do  
I love you  
Even though we're through

You hurt me  
And I don't want to cry  
I can't hold back  
The tears from my eyes  
I just can't live  
Without you by my side  
You perverted me  
From feeling like this  
Without your love  
I just don't exist  
What a pleasure to know  
In a kiss  
You're the only one  
I surely miss  
Only cuz I love you  
No matter what you do  
I love you  
Even though we're through

You hurt me  
And all of the time  
I was gladly  
Falling in love  
And the way that it was  
You really saved me  
From my boredom and pain  
And you loved me  
That was the victory  
But you got married  
And it hurt me  
Everything was cool at school  
Everyone knew we were in love  
Only because I loved you  
No matter what you do  
I love you  
Even though we're through

You hurt me  
And I don't know what to do  
The torment that I went through

You hurt me  
And I was squished like a bug  
My heart has suffered so much for you love  
Because you hurt me  
You hurt me

What has sex got to do with love?  
Maybe you can calmly explain  
Because I love you  
No matter what you do  
I love you  
Even though we're through

You hurt me  
You hurt me  
And its you that I love  
You hurt me  
And its you that I love  
It's you that I love  
It's you that I love
