

Ridiculous Love

Daniel Lavoie

What was ridiculous
Young love ridiculous
Was it ridiculous
Children in love ridiculous
I heard someone laughing
I heard someone laughing
Was he laughing at them
Or was he laughing at me

Was it desperate enough
Could you read in their eyes
If it was desperate enough

They're old enough to know
This place is gonna blow
So let them be let them sleep let them dream
In their invincible love

Was it reasonable in a crazy world of cynicals
Was it right was it sane was it what
What's it going to be

Was it desperate enough
Could you read in their eyes
If it was desperate enough

This place is gonna blow
We all know it's gonna blow
So let them be let them sleep let them dream
In their invincible love

This place is gonna blow
We all know it's gonna blow
So let them be let them sleep let them dream
In their invincible love

Was it reasonable in a crazy world of cynicals
Was it right was it sane was it what
What's it going to be
