

# Flatlined

Daniel Lioneye

Rip out my guts while I goose-march  
in shit stained uniform

Hey now hey now  
I'm on the move tonight  
Hey now hey now  
Unstoppable landslide  
Ich nicht ich nicht  
My invisible friend! Come play with me!  
Ich nicht ich nicht  
Whacka whacka whacko parade

Sick heil shitstorm  
It's a fucking mojo massacre  
Juj-ju mama-san  
I think that god just died. Yes she's fucking dead.  
I am brain death  
Truck full of dyna-mind, its defcon 1  
Come here fat boy  
Piggy piggy piggy lets dance, lets dance

Why did you all laugh when saddam died?  
Demon friend you're welcome back anytime  
Nobody cried when I flatlined

Why don't we all just fucking burn  
Why can't we burn?
