I need you to be there
To treat me like you care
I need you to be where
anywhere I need you
I need you to myself
Not layin' with anyone else
I need you next to me for always

Could you be my sunshine
(Could you be my sunshiiinnne)
On a cloudy day
(On a cloudy dayyy)
Could you be my yellow
(Could you be my yellooowww)
When I'm feeling grey
(When I'm feeling greyyy)

I hope you're not the type to jump into the car and twist the key goodbye oh-
oh-ah-oh

I hope you're not the type that's quick to say goodbye and not give it a cha
nce yeah-yeah-e-yeah

I need you to be there
To treat me like you care
I need you to be where
anywhere I need you
I need you to myself
Not layin' with anyone else
I need you next to me for always

Could you be my sunshine
(Could you be my sunshiiinnne)
On a cloudy day
(On a cloudy dayyy)
Could you be my yellow
(Could you be my yellooowww)
When I'm feeling grey
(When I'm feeling greyyy)

Could you be my river
And help me float away
Could you be my sunshine
On a cloudy day

Could you be my sunshine
(Could you be my sunshiiinnne)
On a cloudy day
(On a cloudy dayyy)
Could you be my yellow
(Could you be my yellooowww)
When I'm feeling grey
(When I'm feeling greyyy)

Could you be my river
And help me float away
Could you be my sunshine
On a cloudy day
