Daniel Powter

On my birthday
On my birthday

Today is my special day
And it'd be great if we could go all the way
What difference would it make
To turn eighteen or eighty-eight?
Gonna have fun with you anyway

I can't deny, there's still an awkward kid inside
Today's the day to come of age
Let's roll with it and just enjoy the ride

On my birthday, in my birthday suit
I want to celebrate, who I really am with you
On my birthday, in my birthday suit
Come on, let's celebrate, just me and you

Today is my special day
You don't need to count the candles on my cake
I'm not a jock, not a rock star
Just a skinny guy from Vancouver who bangs piano when no ones a
round

I can't deny, there's still an awkward kid inside
Today's the day, to come of age
Let's roll with it and just enjoy the ride

On my birthday, in my birthday suit
I want to celebrate, who I really am with you
On my birthday, in my birthday suit
Come on, let's celebrate, it's be just me and you

Have I told you that you're beautiful with those freckles on yo
ur cheeks?
Yah, your so called flaws, well they look perfect to me

On my birthday, in our birthday suits,
I want to celebrate, I wanna light it up with you
On my birthday, in my birthday suit,
I want to celebrate, who I really am with you

On my birthday, in my birthday suit,
Come on let's celebrate, just me and you
Come on let's celebrate, just me and you
Come on let's celebrate, just me and you
