

Jimmy Gets High

Daniel Powter

Jimmy you know,
everybody hates you when you're living off rock 'n roll
So you get high tonight
And Jimmy you lied,
I wonder if you ever get yourself back here alive
So you get high tonight

R: So Jimmy gets high tonight
And Jimmy gets high tonight
I must confess, I'm a real life wired
Jimmy you and me we get along a while
Jimmy gets high tonight

Jimmy you lied,
I'm hoping that soon maybe life it don't pass you by
So Jimmy gets high tonight
And Jimmy you know,
everybody hates you when you're living off your rock 'n roll
So you get high tonight

'Cause you don't need nobody to make it on your own
You don't need nobody you'd rather be alone

R:

I've been so confused
And I just hope it all gets banned to you

R:

And I hope it'll be alright
Jimmy gets high tonight
And I hope it'll be alright

Jimmy you know,
everybody hates you when you're living off your rock 'n roll
So you get high
