

# Heart of Stone

Daniel Schuhmacher

I don't wanna be on my own  
But my shadows are so strong  
Push me higher  
Graves are surrounding me  
Pulling me into the dark

I feel negativity in this room  
in my bloody hand you  
can find a

Heart of stone  
Heart of stone  
Heart of stone  
Heart of stone  
Heart of stone  
Heart of Stone

There is love underneath all this dirt  
But i'm not able to set it free  
Push me higher  
Teach me the way you love  
Pull me out of the dark

I feel negativity in this room  
in my bloody hand you  
can find a

Heart of stone  
Heart of stone  
Heart of stone  
Heart of stone  
Heart of stone  
Heart of stone  
Burning, yearning for you to melt it down  
until it's beating again  
Heart of stone  
Heart of stone  
Heart of stone

When your heart beats for love  
can you give and take  
or is life just fake  
Melt it down this cold  
Heart of stone  
When you hope is gone  
Can you hear it beating beating  
Stone  
Stone

Heart of stone  
Heart of stone  
Heart of stone

It's heart of stone  
it could break my bones  
it's heart of stone  
and it feels so cold

it's a heart of stone  
it could break my bones  
it's heart of stone  
and it feels so cold
