

Heart of Stone

Daniel Schuhmacher

I don't wanna be on my own
But my shadows are so strong
Push me higher
Graves are surrounding me
Pulling me into the darf

I feel negativity in this room
in my bloody hand you
can find a

Heart of stone
Herat of stone
Heart of stone
Heart of stone
Heart of stone
Heart of Stone

There ist love underneath all this dirt
But i'm not able to set it free
Push me higher
Teach me the way you love
Pull me out of the dark

I feel negativity in this room
in my bloody hand you
can find a

Heart of stone
Heart of stone
Heart of stone
Heart of stone
Heart of stone
Heart of stone
Burning, yearning for you to melt it down
until it's beating again
Heart of stone
Heart of stone
Heart of stone

When your heart beats for love
can you give and take
or is life just fake
Melt it down this cold
Heart of stone
When youHope is gone
Can you heart it beating beating
Stone
Stone

Heart of stone
Heart of stone
Heart of stone

It's heart of stone
it could break my bones
it's heart of stone
and it feels so cold

it's a heart of stone
it could break my bones
it's heart of stone
and it feels so cold
