

# I Love Your Smile

Daniel Schuhmacher

Hey, mmh  
My baby

Can't you hear my heart beat  
Baby it's a love beat  
In a tiny-night cafe  
Caught give love to me  
Baby, that's the way I play  
Do you like it like that  
How you're driving me mad  
In that tiny-night cafe  
Oh don't let it die  
Baby please don't fade away

And I said once or twice  
It's like sunrise to me

I love your smile  
Can I hold you  
I can't live without your love  
I love your smile as I told you  
And nothing's not enough  
I love your smile for a lifetime  
I love your heart just tonight  
I love your smile like the sunshine  
Oh come back my love

It's a backstreet of desire  
Baby take me higher  
In that tiny-night cafe  
When love finds a fool  
Baby oh what can I see  
Further tomorrow  
Baby there's no sorrow  
In that tiny-night cafe  
You've got all it takes  
Oh, don't you fade away

And I said once or twice  
It's like sunrise to me

I love your smile  
Can I hold you  
I can't live without your love  
I love your smile as I told you  
I love your smile for a lifetime  
I love your heart just tonight  
I love your smile like the sunshine  
Oh come back my love  
Oh come back my love
