

## Cat House

Danielle Dax

Baby, baby, you're my heart's desire  
got my engine going and my pants on fire nosedive.  
somersault down to hell  
zoom right up and ring heaven's bell  
and then stay till I fuse your wire.

Baby, baby, gonna hunger for your leisure  
gonna polish up your chrome and shine your treasure  
silken bellies and downy thighs  
a little trick with a big surprise  
so stay let me be your pleasure

Doo Doo Doo...cat-house cat-house

Ahh Ahh Ahh

Baby, baby, got my pistons pumping  
got my engine throbbin' and my sockets jumping  
he's the one with the magic key  
knows my road from A to Z  
and he'll stay 'n' give me such good lovin'
