

# Bad For Me

Danielle Peck

I like chocolate, but my hips sure don't  
I like drinking red wine, but tomorrow my head sure won't  
These are just some things that I love that are bad for me

I like shopping, but my purse sure don't  
I like wearing high heels, but tomorrow my feet sure won't  
These are just some things that I love that are bad for me

But of all the things I shouldn't do  
Number one is loving you  
There's a fatal charm in your faithless arms  
Why is everything that feels so dang good  
Bad for me

I like fast cars, but the law sure don't  
I like partying late, but tomorrow my boss sure won't  
These are just some things that I love that are bad for me

Oh I like danger, but common sense sure don't  
Tonight I like your sweet lies, but tomorrow my heart sure won't  
These are just some things that I love that are bad for me

Boy you're one of those things I love  
But you're bad for me  
So bad for me
