

Isn't That Everything

Danielle Peck

I might not have a million dollars in the bank
But I've got food on my table and gas in my tank
I might not have designer sheets on a king size bed
But I lay down at night with a roof over my head

Yeah, I've got friends who love me
A big blue sky above me
And your two arms around me baby every night

Isn't that everything
I don't need anything
It's only the simple things I believe
That matter most in life
I'm more than satisfied
All that I have is all I need
Isn't that everything

Now I'm not saying I don't dream from time to time
Every girl I know loves the way a diamond shinge
But when the party's over and the glitter starts to fade
It's all about your piece of mind at the end of every day

I know Jesus loves me
Up in that sky above me
I see that morning sun again and feel alive

Isn't that everything
I don't need anything
It's only the simple things I believe
That matter most in life
I'm more than satisfied
All that I have is all I need
Isn't that everything

Yeah, I've got friends who love me
A big blue sky above me
And your two arms around me baby every night
I know Jesus loves me
Up in that sky above me
I see that morning sun again and feel alive

Isn't that everything
I don't need anything
It's only the simple things I believe
That matter most in life
I'm more than satisfied
All that I have is all I need
Isn't that everything

Isn't that everything
Isn't that everything
