

# Kiss You On The Mouth

Danielle Peck

I don't want to talk about the weather  
I don't want to go out on the town  
I don't want to watch TV together  
I just want to kiss you on the mouth

We don't have to spend a lot of money  
We don't need to get up off this couch  
I just want to turn the lights down honey  
And kiss you on the mouth

I wanna get drunk on your lips like wine  
Get lost in you a thousand times  
Baby while you're here with me tonight

I don't want to think about tomorrow  
I don't need to think about that now  
I don't want to ask where this is going  
I just want to kiss you on the mouth

I want to pull your body close to mine  
I don't know why we're wasting time  
Cause baby it's just you and me tonight

I don't want to talk about the weather  
I don't want to go out on the town  
I don't want to watch TV together  
I just want to kiss you on the mouth

I think I could stay like this forever  
Baby this is what life's all about  
Let me show you how to make it better  
Let me kiss you on the mouth

I just wanna kiss you on the mouth
