

# Bye Baby

Danity Kane

Now goodbye bye baby

If I told you love was blinding  
And wasn't worth my time  
Would you still love me  
The way that you do  
If I was always with my girls  
Poppin' bottles by myself  
Would you still claim me  
The way that you do, boo

It might look insane  
But it's hard to walk in my shoes  
Boy, please don't complain  
When I flip the script up on you

Cause baby there's more, more, more  
Of me to love than just you  
Since I can afford more  
I don't have to settle for you  
Don't cry baby

Baby don't cry cry baby  
Baby don't cry cry baby  
Baby, baby  
Baby don't cry cry baby  
Now goodbye bye baby  
Baby, baby  
Baby don't cry cry baby  
Baby don't cry cry baby  
Baby, baby  
Baby don't cry cry baby  
Now goodbye bye baby  
Baby, baby

If I always got my way  
Would you pay for my mistakes  
Would your heart truly love me for real  
Baby, if we were trading places  
Would you stay up here waiting  
Accepting all the things I did to you  
Yeah, yeah

It might look insane  
But it's hard to walk in my shoes  
Boy, please don't complain  
When I flip the script up on you

Cause baby there's more, more, more  
Of me to love than just you  
Since I can afford more  
I don't have to settle for you  
Don't cry baby

Baby don't cry cry baby  
Baby don't cry cry baby  
Baby, baby

Baby don't cry cry baby  
Now goodbye bye baby  
Baby, baby  
Baby don't cry cry baby  
Baby don't cry cry baby  
Baby, baby  
Baby don't cry cry baby  
Now goodbye bye baby  
Baby, baby

If I gave you all my love  
Would you die for me  
Ride or die for me, baby  
If I gave you all my trust  
Would you die for me  
Ride or die for me

You don't wanna let go  
But I'm letting go  
I know you don't wanna let go  
But I'm letting go  
I know you don't wanna let go  
But I'm letting go  
I know you don't wanna let go  
But I'm letting go

Cause baby there's more, more, more  
Of me to love than just you  
Since I can afford more  
I don't have to settle for you  
Don't cry baby

Cause baby there's more, more, more  
Of me to love than just you  
Since I can afford more  
I don't have to settle for you  
Don't cry baby

Baby don't cry cry baby  
Baby don't cry cry baby  
Baby, baby  
Baby don't cry cry baby  
Now good bye bye baby  
Baby, baby  
Baby don't cry cry baby  
Baby don't cry cry baby  
Baby, baby  
Baby don't cry cry baby  
Now good bye bye baby  
Baby, baby

Baby don't you cry  
Telling you don't cry
