Danity Kane

When I stand in a crowded room  
I feel alone like nobody's there  
And when you talk cold to me  
I can see your breath in the air  
It's taking it's toll on me  
In the bathroom taking showers  
So you don't see me cry  
Baby it's such a crime

I try to feel confident  
I'm bitter - You're not making sense  
I missed you 'til you almost took my sanity  
I started a new verse like

Poetry, you're hiding behind the words you speak  
Changing the words of the story  
You say you don't love me then say that you love me  
I'm fighting  
You're hiding behind the words you're speaking  
You're changing the words, I'm lost in the verse  
You say you don't love me then say that you love me  
Why are you hiding?

When I give you gratitude  
You act like you don't hear me speak  
When I tell you what you do to me  
You don't even hear the truth  
What are you trying to prove; I stare out of the window for hours  
Cause you don't listen to me  
You won't even look in my eyes

I try to feel confident  
I'm bitter - You're not making sense  
I missed you 'til you almost took my sanity  
I started a new verse like

You're changing the words, I'm lost in the verse  
You say you don't love me then say that you love me  
Why are you hiding?

Don't believe what you're saying  
I read your face and I'm blanking  
Cause I don't know what's in front of my eyes  
I try to feel confident

I try to feel confident  
I'm bitter - You're not making sense  
I missed you 'til you almost took my sanity

Oh.. oh.. oh.. oh...
