

# Rage

Danity Kane

I'm headed downtown  
With the lights awkward bright  
And the music is loud  
I really don't know, when I get there what I'll find  
I'm sure it'll be turned up  
We shall pledge to the highly upset  
If you turn us down, we're gonna wild up yeah  
I follow the sound of the rowdy crowd  
We're gonna play hard until the sun comes out

R: We rage at the party like maniacs  
Ooh, ay ay  
We rage at the party like maniacs  
Ooh, ay ay  
Cause you're crazy, and I'm strange  
Kind of rowdy, and the deranged  
We rage at the party like maniacs  
Ooh, ay ay

I party downtown  
With my eyes open wide like dust in the sky  
I'm gonna scream loud 'cause I can't hear myself to the morning on yo  
u  
And hopefully we'll then see a brighter day  
We live with no regrets  
Raise your hands if you're with me

We shall pledge to the highly upset  
If you turn us down, we're gonna wild up yeah  
I follow the sound of the rowdy crowd  
We're gonna play hard until the sun comes out

R:

If you're raged at the party then scream it out  
If you're raged at the party then scream it out  
Yeah you can scream it out  
Yeah you can scream it out

I'm headed downtown  
With the lights awkward bright  
And the music is loud  
I really don't know, when I get there what I'll find  
I'm sure it'll be turned up
