

# Right Now

Danity Kane

Oh boy  
Baby...  
Oh no no no, touch me like that  
Ohh my god, baby, no, no, no, no, no

Your so, you just don't know  
What I'd do to you  
If the situation was different

If we could go (go) We'd be on this floor, it'd be on for sure  
It's too bad that we can't

You make me wanna do, something I never do (never do)  
Wanna go there with you (with you)  
All the way there (there), touch me there (there), take me there with you (t  
here with you)  
Boy I'm scared of you  
Nothing compares to you  
I'm not prepared to do it

So I can't love you (right now)  
Like I want to (right now)  
We just can't do it  
And it's taking everything in me  
I want to (right now)  
No I want to (right now)  
It's this one rule  
(And it's keeping me from giving you my love)

I must admit  
Baby ooh your kiss  
It's taking my mind  
To places that my body's never seen before  
Makin' me wantin' more  
[Aundrea]  
I know you're hopin' that I bend a little  
give a little more (yeah)

You make me wanna do, something I never do (never do)  
Wanna go there with you (with you)  
All the way there (there), touch me there (there), take me there with you (t  
here with you)  
Boy I'm scared of you  
Nothing compares to you  
I'm prepared to do it

So I can't love you (right now)  
Like I want to (right now)  
We just can't do it  
And it's taking everything in me  
I want you (right now)  
No I want to (right now)  
But it's this one rule  
(And it's keeping me from giving you my love)

Wanna go all the way  
We gotta play it safe

Hey, Hey

We ain't doin' nothing if you don't, don't, don't, don't know (my love)  
(So you just cant have my love)

So I can't love you (right now)

Like I want to (right now)

We just can't do it

And it's taking everything in me

Know that I want to (right now)

Like I love you (right now)

I want to

(And it's keeping me from giving you my love)

Ooh right there right there

Touch me there, right there

ooh there, there

Right there, right there

Ooh, no

Right there, right there

No, right there, right there, right there
