

Active Volcanoes

Danko Jones

When you saw her
Across the club
You're one lucky son of a gun
Every boy in the room wanted her number
No wasting time
With a girl that fine
Do watcha need to do to get lovin'
Just keep your cool tell yourself that it means nothing

She's easy on the eyes
Take your time
Bet it all
And let it ride
I know for sure
That it's cool
when it's two active volcanoes

Everybody knows love means nothing
But when it clicks sometimes volcanoes get erupted

She's easy on the eyes
Take your time
Bet it all
And let it ride
I know for sure
That it's cool
when it's two active volcanoes

So it's coming down tonight
If you start to freeze
I bet you'll die of fright
Don't forget she's probably thinking the same thing
Just lean in
Do watcha know
You got this so
Keep your cool Take it slow
You don't want her feeling you get nothing

She's easy on the eyes
Take your time
Bet it all
And let it ride
I know for sure
That it's cool
when it's two active volcanoes

Everybody knows love means nothing
But when it clicks sometimes volcanoes get erupted
And you might love her sweet somethings
But all is fair if she don't want it to happen

(solo)

Everybody knows love means nothing
But when it clicks sometimes volcanoes get erupted

When you saw her

Across the club
You're one lucky son of a gun
Every boy in the room wanted her number

She's easy on the eyes
Take your time
Bet it all
And let it ride
I know for sure
That it's cool
when it's two active volcanoes
