

# Apology Accepted

Danko Jones

You don't know what you're doing, you're going backwards  
The rings around your eyes are only getting blacker  
You wear an X on your hand I've got one in my hand  
Burning me inside, wishing you were dead

Easy to see your life is only for the taking  
You were doing what you did my heart was breaking  
It broke, you fucked up real bad  
You failed to know just what you had

You needed me  
But you left me  
The hell alone  
It has to be  
And you get  
What you give  
You're just so  
Deceptive

You don't like how we left it  
'Cause in the back of your head  
You regret things that you said  
Apology accepted  
Didn't know you're bluffing  
I thought that I'd feel something  
But with you I felt nothing

It's too convenient just to say you didn't notice  
Your life is upside down and always out of focus  
You're like a hypocrite you swear you never lie  
When things revealed themselves you should be doing time  
Fucked up big time, crossing lines  
That's what you do and then you do it all the time  
Do you remember how you treated me  
The shoe is on the other foot and now the blind can see

You needed me  
But you left me  
The hell alone  
It has to be  
And you get  
What you give  
You're just so  
Deceptive

You don't like how we left it  
'Cause in the back of your head  
You regret things that you said  
Apology Accepted  
Didn't know you're bluffing  
I thought that I'd feel something  
I think you failed inspection  
Apology Accepted

You've got a knack for lying  
Talking loud and then hiding  
But now look see who's smiling

Me motherfucker! And it feels great!  
It's just a matter of time  
Before you fade away  
And I know you're sorry  
And you want to call me  
Just to tell me  
But it's too damn late

You're full of empty gestures  
You're non-essential  
It's inconsequential  
'Cause you choose your fate  
Your life's a car crash  
You shoot your mouth off too fast  
Who knew it would be me  
With the last laugh

Hahahahaha, yeah

You like to fuck with things and say it didn't happen  
But I was there your bullshit keeps me laughin'  
How do you sleep at night with all your lies?  
Piling up like parking tickets you don't pay the fine

You don't like how we left it  
'Cause in the back of your head  
You regret things that you said  
Apology Accepted  
Didn't know you're bluffing  
I thought that I'd feel something  
I think you failed inspection  
Apology Accepted
