

# Chain Me

Danni Leigh

Chain  
Chain me to the railroad tracks  
Felt just like a freight train  
When you said you ain't comin' back  
Heartache, tears, and loneliness  
Ain't nothin' you can do to hurt me more than this  
Chain me to the railroad tracks

Baby, I'm trying hard to understand it  
After all, you said our love was true  
Now, you want to go and leave me  
Acting like you don't need me  
There's just one thing left for you to do

Chain me to the railroad tracks  
Felt just like a freight train  
When you said you ain't comin' back  
Heartache, tears, and loneliness  
Ain't nothin' you can do to hurt me more than this  
Chain me to the railroad tracks

You can't make my heart feel like it's over  
When pain like this just wants to hang around  
Can't you see just what you're doing  
With those goodbye words you're using  
Might as well go on and lay me down

Chain me to the railroad tracks  
Felt just like a freight train  
When you said you ain't comin' back  
Heartache, tears, and loneliness  
Ain't nothin' you can do to hurt me more than this  
Chain me to the railroad tracks

Heartache, tears, and loneliness  
Ain't nothin' you can do to hurt me more than this  
Chain me to the railroad tracks
