

# He Used To Say That To Me

Danni Leigh

(Jim Lauderdale/John Scott Sherrill)

Let's take a rest  
Your kisses take my breath  
You are the best  
It's never been like this  
He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that to me  
It thrills you so  
When he whispers soft and low  
Please hold me tight  
I need your love tonight  
He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that to me  
I'm yours, he sighs  
And he means it at the time  
But someday, he'll go  
If you're wonderin' how I know  
He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that to me  
He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that  
He used to say that  
He used to say that to me  
Over and over
