

He Used To Say That To Me

Danni Leigh

(Jim Lauderdale/John Scott Sherrill)

Let's take a rest
Your kisses take my breath
You are the best
It's never been like this
He used to say that to me
Over and over so sweet
Tell you he'll never leave
He used to say that to me
It thrills you so
When he whispers soft and low
Please hold me tight
I need your love tonight
He used to say that to me
Over and over so sweet
Tell you he'll never leave
He used to say that to me
I'm yours, he sighs
And he means it at the time
But someday, he'll go
If you're wonderin' how I know
He used to say that to me
Over and over so sweet
Tell you he'll never leave
He used to say that to me
He used to say that to me
Over and over so sweet
Tell you he'll never leave
He used to say that
He used to say that
He used to say that to me
Over and over
