

# Yesterday

Danni Leigh

Yesterday  
I still believed in love  
And everything I was dreaming of

Suddenly  
When you told me goodbye  
I had a thousand tears to cry  
That didn't ease the pain

One long night, cold and dark  
Alone and broken-hearted  
With your memory, standing in the rain  
It feels like it's killing me  
But even on my knees  
I'm crawling out of yesterday

There's nothing left to say  
And all that I can change  
Is hurting over you

One long night, cold and dark  
Alone and broken-hearted  
With your memory, standing in the rain  
It feels like it's killing me  
But even on my knees  
I'm crawling out of yesterday

Gotta find a way to carry on  
Even though a love that's gone  
Keeps hanging on so strong

Yesterday  
All that I can change  
Is hurting over you

One long night, cold and dark  
Alone and broken-hearted  
With your memory, standing in the rain  
It feels like it's killing me  
But even on my knees  
I'm crawling out of

One long night, cold and dark  
Alone and broken-hearted  
With your memory, standing in the rain  
It feels like it's killing me  
But even on my knees  
I'm crawling out of yesterday
