

## Begin To Spin Me Round (Radio Edit)

Dannii Minogue

When I'm walking down the street I call your name  
Inside my head I go insane  
Don't you know that it's really making me crazy  
There were days when I went completely blind  
No time to think and I lost time  
Won't believe what's happened to me lately

Cos everyday it's the same day  
Different faces with no names  
Places I've never been before  
And everyday it's the same thing  
Different faces with no names  
Places I've never been before

And I begin to wonder (don't you know that it's really making me crazy)  
And I begin to wonder (won't believe what's happened to me lately)

And every time I think I'm breaking free  
These thoughts return to trouble me  
Hanging on to love has left me empty  
You're a sinner but you told me you're a saint  
Too fast I tripped and lost my way  
Can't believe what's happened to me lately

I wonder why...  
Walking...  
I wonder why I'm not over you...  
And I begin to wonder
