

Blame It On The Music

Dannii Minogue

The music
The music
The music

All night long
I'm with you
Blame it on the music
Blame it on the music
Can't control
What I will do
Blame it on the music
Blame it on the music

Your body
Your moves
My thoughts go deeper
Aside from you
Is all I needed

I feel the touch of you all over
All over
I feel the touch of you all over
All over

I can't help myself
I can't help myself

My body with you
Emotions go deeper
Aside from you
Was all I needed

I feel the touch of you all over
All over
I feel the touch of you all over
All over

I feel the touch of you all over (blame it on the music)
All over
I feel the touch of you all over (blame it on the music)
All over

I feel the touch of you all over (blame it on the music)
The music, the music
I feel the touch of you all over (blame it on the music)
I'm gonna blame it on the music, the music, the music, the music
