

It's Amazing

Dannii Minogue

Inside I may be falling down
But outside I'm as tall as trees
But it's only when the quiet of the night falls that you find me
Wishing that you were wishing for me
'cause in every smile
on every face in every crowd I see you
never slate what a stranger says
But it's only when the night descends upon me I realise
that no-one can take your place
no no no no
'Cause some days can be so fine
And some days can be so right
Ooh it's amazing, yeah yeah
'Cause some days can be so fine
And some days can be so right, yeah
Ooh it's amazing
Ooh It's amazing
Tonight your touch it feels so right
And daylight makes me feel a fool
But it's only when I need you and I can feel you I realise
That piece by piece I've given myself to you
it's in every smile
on every face in every crowd I see you
no-one can take your place
no no no no
Some days can be so fine
some days can be so right
it's amazing, yeah yeah
Some days can be so fine
And some days can be so right, yeah
Ooh it's amazing
Some days can be so fine
some days can be so right
Ooh it's amazing,
Some days can be so fine
some days can be so right
Ooh it's amazing
Ooh it's amazing
Ooh it's amazing
