

# Mystified

Dannii Minogue

Yeah, yeah yeah

Uh-huh lately, you ain't been the same  
You're always saying, you ain't playin' games

Oh you go too far I need to get my hands untied  
Pull myself together, I won't listen to your lies!

Mystified, Mystified heard it on the grape vine  
Lover on the other line, why you wasting my time ?  
I'm mystified, Mystified your such a dirty man  
Heard it on the grape vine, lover on the other line  
I'm mystified, yeah yeah yeah

I heard you say, you were working so late  
Schemin' baby, there's some things that can't wait  
We don't need to hold on tight, that isn't my perfume  
So where did you end up last night, remind me I'm confused ?

Yeah, yeah, yeah  
Yeah, yeah, yeah

Don't tell me to hold on tight, that isn't my perfume  
So where did you end up last night, remind me I'm confused ?

Mystified, Mystified (mystified, mystified)  
Heard it on the grape vine ( heard it on the grape vine)  
Mystified, Mystified (mystified, mystified)  
Lover on the other line (lover on the other line)  
Heard it on the grape vine, lover on the other line  
I'm mystified, yeah yeah yeah!
