On The Loop

Dannii Minogue

Mon Cour, Encore
Mon Cour, Encore

Don't want to be alone I want to be together
On the loop
Don't want to be alone I want to be together
When the trouble's over
Don't want to be alone I want to be together
On the loop
Love unfolds
Givin' you all my heart again

Mon Cour, Encore

This love is dangerous
Givin' you all my heart again
This love is dangerous
Givin' you all my heart again
On the loop

Gotta tell me now babe if it's now or never
On the loop
I want to hang around but I can't wait forever
You're gonna take me over, yeah
C'mon and tell me if it's now or never
On the loop
Love unfolds
Givin' you all

Mon Coure, Encore

This love is dangerous
Can't stop thinkin' of ya
Can't stop thinkin' of ya
This love is dangerous

Don't want to be alone I want to be together
On the loop
Don't want to be alone I wanna...
Oh when the trouble's over, yeah
Do you want to come around
I'm where you left me baby
On the loop
Love unfolds
Givin' you all my heart again
Mon Cour

This love is dangerous
Dig ya baby, dig ya baby
This love is dangerous
On the loop

Just be together
Just be together
On the loop
Just be
Be together, be together, be together

Dig ya baby, dig ya baby
On the loop
