

# Break It (Go)

Danny Brown

(Go, Go, Go, Go, Go, Go)  
Don't stop 'til you break it, break it  
Don't stop 'til you break it, break it  
Don't stop 'til you break it, break it

Who the fuck is you fucking with  
I been in the dirt like a catcher's mitt  
I'm activist on Actavis  
Won't smack a bitch, but I'm like a pimp  
Long ass cudi, eatin' lots of shrimp  
Got a wig and bring it back  
She go in and bring it back  
And make that booty go  
Ain't no way gonna sleep with a whitey  
Rob my nigga ho so furry  
Ghetto Bill Murray, that's a whole nother story  
What a nightmare when you see talking to your chick  
Put this in your nosehole/nose, ho, then start sniffin'  
Put this on your tongue ho, then start lickin'  
Y'all niggas shroomin', y'all better fall back  
Ain't no time to be playin'  
Spit champagne when you hear what I'm sayin'  
Exhale kush when I breathe on the mic  
Everytime I rock like a diamond heist  
Drop the lights when I drop the jewel  
With that work, we make it twerk  
Don't end up on your homeboy's shirt  
Cause you popped you a pill, now you feelin like a ho  
Now you goin berserk  
I'm just tryin to see her shake it  
Don't stop girl, just break it  
Stick it out, then bring it back  
Make that booty go - go go go  
Don't stop til you break it

Girl just gimme your all Hell no you can't have it all  
Girl just gimme your all Hell no you can't have it all

She had me on that wall  
Drink in my hand with her ass on my balls  
Sweatin, hot, and we rollin  
Phone off service, got a couple missed calls  
Girl don't stop just get it  
After this, ho, I'mma lick it  
Rubbin on your stomach while I'm kissin on your neck  
Thing gettin hard while I'm rubbin on your breasts  
Girl you make me wanna do things  
When you grind all on that ding-a-ling  
Make me wanna rip off your pants  
Put my hand between your legs  
Rubbin on them nipples  
Wanna make that pussy dribble  
Wanna bend that ass over then hit it from the back  
Girl make that booty go

With that work, we make it twerk  
Don't end up on your homeboy's shirt

Cause you popped you a pill, now you feelin like a ho  
Now you goin berserk  
I'm just tryin to see her shake it  
Don't stop girl, just break it  
Stick it out, then bring it back  
Make that booty go – go go go  
Don't stop til you break it
