

Dip I dip you dip I dip  
Dip I dip you dip I dip  
Dip you dip I dip  
Dip you dip I dip  
Don't let me into my zone You haters leave me alone  
I say, don't let me into my zone You haters leave me alone

Like Lieutenant Dan I'm rollin'  
Back to back I keep on smokin'  
Eyes keep shakin' and I can't stay focused  
I don't give a fuck if you niggas ain't noticed  
I'm sweatin' but I'm cold  
Mouth all dry but I got a runny nose  
I just bought me a water bottle  
Chug that down but I think I need me some mo'  
And I keep feelin' like I'm gon' faint  
But fuck that nigga pass me that drank  
I done drunk too much I might throw up in a hotel bathroom sink  
Bitch I'm wildin, I'm zooted  
Can't believe that I'm even movin'  
Off a half a gram of molly we about to go party,  
And I don't know what I'm doin'

Now all these rappers talkin' bout that molly  
Bet a million dollars these niggas ain't dippin'  
Pure MDMA put it in a shot we talkin' bout crystals  
Been dancin' hard up all day  
Rest in peace to mac dre  
Throw up the T  
Scratch on my face  
Do the Thizzle dance up in the place  
I'm grindin on your bitch while I'm grindin' on my teeth  
Don't give a flying fuck  
So right now you don't want beef  
I'm blown, I'm zooted  
Can't believe that I'm even movin'  
Off a half a gram of molly we about to go party,  
And I don't know what I'm doin'

She licked it off my index  
Before that she been wet  
Now she licking on her best friend  
While they suck me watching sunset  
That's right bitch we ain't done yet  
Lifting her purse, undress  
It kicked in she lickin'  
Before I blink she undressed  
Molly making her feel good  
It's a feeling she can't explain  
But obvious we got some problems  
So bitch let's kill that pain  
I'm blown, I'm zooted  
Can't believe I'm even movin'  
Off a half a gram of molly we about to go party,  
And I don't know what I'm doin'
