Halls in her mouth just to hum on the balls
After this night whore I won't even call

Pissin on niggas got careers in the stall
Shittin on niggas, leaving streaks in your drawers
Take your top off like a toilet when it's clogged

They say I'm a menace I meant it, I meant it
Be more than just a minute

So guess what bitch I did
These hoes know that I've done it
So now these bitches wit' it

Then she drop it low and get get it
